

**Computer Mount Surfboard**

## Computer Mount Surfboard

Industrial Evolution is a market leader in the design and manufacture of integrated computer mountings for forklifts & motor vehicles. The Computer Mount Surfboard fits most vehicles and used by couriers, road side assistance providers and mobile government services.

The Computer Mount Surfboard has an anchor system which safely secures a computer or communication device to the passenger seat of a vehicle, when used in conjunction with a passenger seatbelt.

The Computer Mount Surfboard features:

- Temporary, secure mounting of a device into a motor vehicle.
- No costly installs. Easy installation and removal.
- A better alternative to permanent mounting for contractor/rental vehicles.
- Designed and manufactured in Australia.

Industrial Evolution's 3D CAD capabilities and in-house manufacturing facility enable us to provide solutions tailored to your organisation's individual needs, to help you manage your data within a mobile environment.
