dynabook

Designed for Versatility, Built for Performance

PORTÉGÉ® X30W-M 2-IN-1 CONVERTIBLE

When success hinges on flexibility, the impressively thin and light Portégé® X30W-M 2-in-1 convertible is both an ideal laptop and tablet. With a bright 13.3" multi touch display and Windows Ink®, this is a high performance canvas for creative freedom. With powerful Intel® Core™ Ultra processors and up to 32GB of LPDDR5x of memory, this device is faster and more efficient than ever. With an integrated Copilot key[3], the X30W-M is ready to tackle today's AI-powered tasks with ease.

Dynabook's Lightest 13" 2-in-1 Convertible

The Portégé® X30W-M 2-in-1 convertible laptop supports your creativity and business productivity from anywhere. Featuring a super light, magnesium alloy chassis weighing from just 989 grams[1], it redefines ultra light portability.

In Tablet Mode

Designed with tablet flexibility, the Portégé X30W-M is the perfect platform for realising ideas. Its vibrant, Corning® Gorilla® Glass-reinforced 13.3" multi touch display offers incredibly sharp colours and detail. The Wacom® digital pen transforms the device into a precise, lag-free canvas, with natural tilt and pressure sensitivity.

Limitless Performance for Unparalleled Productivity

Equipped with Intel® Core™ Ultra processors and Intel® Arc™ Graphics (from 16GB configurations), the Portégé X30W-M delivers a powerful performance boost and superior efficiency. With up to 32GB of onboard LPDDR5x memory, ultra-fast SSD storage, Wi-Fi 6E, and Thunderbolt™ 4, the Portégé X30W-M guarantees optimal performance.

Tested to Military Standards for Extreme Durability

The high strength magnesium alloy chassis, bonded Gorilla® Glass and military grade durability (MIL-STD-810H) make the Portégé X30W-M resilient against accidental damage. Rigorous hinge testing is undertaken to ensure its longevity.

Next Level Connectivity

With two Thunderbolt™ 4 ports, the Portégé X30W-M includes HDMI® and USB-A (with Sleep & Charge) for seamless connectivity. The docking solutions allow connection of up to four external displays and other USB and USB-C® accessories via a single cable.

Advanced Security and AI Powered Assistance

As a Secured-Core PC provider (on vPro models), the Portégé X30W-M is equipped to resist current and future cyber threats. Dynabook's proprietary BIOS, face and fingerprint recognition (optional with SecurePad) and TPM 2.0 add to its comprehensive security features. The AI ready integrated Copilot key also assists with enhanced security and productivity.
