Sleek Design Matched with Amazing Performance

PORTÉGÉ® X40-M

Unleash superior performance and sleek design with the Portégé X40-M. Featuring the latest Intel® Core™ Ultra processors, Intel® Arc™ Graphics and up to 64GB DDR5 memory, this powerhouse ensures you're equipped for the most demanding tasks. The 14" WUXGA display, enhanced with a higher resolution 5MP web camera option and a robust aluminium alloy chassis, makes it perfect for professionals on the go. Stay productive all day with the large 60Wh battery. Experience innovation and reliability like never before with the Portégé X40-M.

Premium Performance
Unleashing speed and efficiency like never before, the Portégé X40-M is equipped with Intel® Core™ Ultra processors featuring a Neural Processing Unit and Intel® Arc™ graphics. Experience amazing performance and extended battery life.

Connect Away
Stay seamlessly connected with Wi-Fi 6E and a full range of ports including HDMI, Thunderbolt 4, USB Type-A, USB Type-C and a microSD card slot. You'll have every connection you need right at your fingertips.

Longer Lasting Battery Life
The AI-optimized 60Wh battery ensures you stay productive for longer. Plus, with Sleep & Charge technology, you can charge your USB devices even when the laptop is off.

Ready For Anywhere
The Portégé X40-M is built for today's work environment, featuring a 5MP AI-enhanced webcam, dual microphones and an audio system with DTS processing for clear, productive video conferencing.

Visually Appealing
Enjoy the new 14" WUXGA display with a 16:10 aspect ratio (touch optional), offering crisp, clear visuals and more vertical workspace for better multitasking and productivity.

Advanced Security
Dynabook's Windows 11 Secured-core PC laptops (vPro models) integrate robust hardware and software defences to provide advanced security. These laptops protect against sophisticated cyber threats with specialised hardware protection and firmware safeguards, ensuring unparalleled security from boot up to keep your critical data safe.

Copilot[3] Ready And Empowered
Meet Copilot[3], your AI assistant accessible via a dedicated key. It streamlines tasks like launching apps and adjusting system settings through voice or text commands, enhancing your efficiency and device navigation.
