Built for Performance. Designed for Mobility.

PORTÉGÉ X30L-M

The Dynabook Portégé X30L-M is an ultra lightweight, high performance laptop that's engineered for the modern professional. Weighing in from just 890 grams,[1] it redefines what it means to be mobile without compromising on power or capabilities. Whether you're highly mobile or just need a powerful device you can rely on, this laptop is packed all the latest features to help you be your best. Powered by the latest Intel® Core™ Ultra Series processors and equipped with Intel® Arc™ Graphics, it delivers impressive speed and visuals for all your business needs.

The 13.3" WUXGA display offers an expansive and clear view, perfect for productivity, while the optional touchscreen adds versatility for professionals who need quick, intuitive control. The Portégé X30L-M also boasts robust security features, including TPM 2.0, an optional fingerprint reader and facial recognition via an FHD webcam with IR. Designed for durability, it meets MIL-STD-810H military standards, ensuring that it can withstand the demands of mobile work environments.

Beyond the performance, the Portégé X30L-M is future-ready with Windows 11 Pro and integrated AI capabilities, including a dedicated Copilot key,[3] to ensure you are prepared for the evolving business landscape. The impressive battery life allows you to work through the day without interruption, while multiple connectivity options keep you connected wherever you are.

The Dynabook Portégé X30L-M is more than just a laptop, it's your companion designed to help you stay productive, secure and mobile.
